###### Bosnia:

Through the Education Resource Center (ERC) in Bosnia and Herzegovina, World Hope International (WHI) is empowering change by resourcing local educators, professionals, and organizations. The ERC offers all local teachers and educators access to classroom space, printers, computers, projectors, and books, promoting affordable access to education and learning resources for educators and students alike. Seminars have also been held on developing better communication in the family. The ERC also supports small business startups within the community.

WHI's impact is opening doors in communities. Our staff is known as people who care for their community by training teachers, creating a safe space for special education and at-risk students, and unlocking opportunities.

###### Sierra Leone:

The Government of Sierra Leone (GoSL) has made significant, if uneven, progress over the last decade addressing Trafficking in Persons (TIP). Threatening this progress, the Ebola outbreak created unforeseen difficulties that left Sierra Leoneans more economically fragile, lacking food security, and vulnerable to the tactics of traffickers.

That's where the WHI Recovery Centre project makes a difference. The Recovery Centre provides comprehensive and safe residential care for survivors of human trafficking.

#### Global Partners:

##### Nathan and Sara Moss, Eastern Europe

Dear New Hope, No agenda to this email except to say, "Thank you!". New Hope has been partnering with us for quite some time now and we're always grateful for your involvement in the work here. New Hope has been so intentional with our family and our team in wanting to push into the partnership still further. We love you guys and have felt so welcomed by your church family!

We are incredibly grateful for you and your church as you continue to believe in and support our work with the unreached people of Eastern Europe.

You do partnership well and we are grateful!  
Nathan and Sara

##### Robin and Yoko White, Japan

Hello from Ishikawa! It has been a busy year so far. But we are enjoying it! Here are some highlights... We've started **leading worship** monthly at Immanuel Komatsu Church. We have a passion for this kind of ministry, and we're thankful for the opportunity to get more involved at our home church. About a month ago, we hosted the **Global Partners Asia-Pacific Leadership Team** in Tokyo. During their visit, some of us also met with Japanese church leaders. It was a busy but encouraging time. Meanwhile, our work with **Drawbridge Creations** continues. Season 3 of our online manga series "**Waypoints**" started in April. We've added two new artists and one new writer to our list of collaborators this year.

Including three works-in-progress, we're coming up on 20 stories! We've also had the opportunity to promote Drawbridge Creations at some events and churches, getting the word out in the Christian community in Japan. We hope this will lead to more Christians making use of our manga in their outreach, and more non-Christians being exposed to the Gospel.
